

Clarion Places Second In Track Meet

Fort Dodge	47
Clarion	24
Rockwell City	21
Eagle Grove	17
Pomeroy	16
Webster City	15 1/2
Humboldt	5 1/2
Algona	5
Burnside	1
Gowrie	1

In the Invitation track meet at Fort Dodge last Saturday, Clarion carried away the honor of second place.

Nagle and McGrath ran the most interesting individual races for Clarion while the mile relay team consisting of Sheffield, Hagie, McGrath and Nagle gave a complete surprise to its opponents when Nagle, our anchor man, came sprinting up the home stretch with a good 40 yard lead on the team placing second.

"Irish" McGrath floated over the 220 sticks for an easy first place, while Nagle ran a real half-mile for the same honor.

Captain Oldham showed his heels to all but one of the many sprinters, in the 220, taking second place. He also ran some good 100 yard dashes.

Crawford Wright received a second place in the discus throw. Crawford did some splendid work in the event for it was his first experience in a meet.

"Bud" Adams, our "big man," carried away two fourth places, one was in the high jump while the high sticks accounted for the other. Leland Mechem also clipped the sticks for good time.

Verland McMahon, our "all state debater," ran a real mile, cutting his previous record down 33 seconds. We hope to see him running some more good miles, likewise Max Clark who should be another good distance man.

Other men giving good accounts of themselves were Hagie in the 220 dash, Sheffield in the 440 dash and Myers in the pole vault.

One-half mile relay: first, F. D.; second, Webster City; third, Algona; fourth, Eagle Grove. Time 1:42.7.

Shot put: first, G. Prang, Pomeroy; second, Williams, Rockwell City; third, Lindstrom, Rockwell City; fourth, Frantz, Webster City and R. Prang tied for this place. Distance 41 ft. 2 in.

Broad jump: first, Pinsker, F. D.; second, Johnson, F. D.; third, Gore, Webster City; fourth, Anderson,

Teachers

Dedicated to the Grade School Department Faculty.

Teachers are the oddest things. They never do what's right. At least that's how it seems to us. They're really quite a fright.

Now Malmberg is good looking, And has a lot of pluck But if she loses her temper You surely want to duck.

McWilliams is just the opposite. She never was a bore, For she always smiles and dimples When she comes in the door.

Miss Trowbridge is really very nice, She doesn't have a pet, But if you get her mad at you, There's no telling what you'll get.

Last but not least let's not forget Among the heroes of our school Let me introduce Mr. Bente Who has never broken a rule????**

Jacq Morgan,
Seventh grade.

Gowrie. Distance 19 ft. 3/4 in.

High jump: first, Gore, Webster City; second, O'Conner, F. D. and Pinsker, F. D. tied for this place; fourth, Adams, Clarion. Height 5 ft. 3 in.

Discus throw: first, Williams, Rockwell City; second, Wright, Clarion; third, R. Prang, Pomeroy; fourth, Etzel, F. D. Distance 114 ft. 6 in.

Pole vault: first, Frantz, Webster City; second, Edwards, Humboldt and Prang, Pomeroy tied for this place; fourth, Williams, Rockwell City. Height 10 ft. 3 in.

Spring Sports In C. H. S.

Spring football started off with a bang and we receiver a real report. We have some very promising material in Sharp, Oldham, Fulks, English, Bjornson, Poulson, Jenson, Hill, Simpson, Lewellyn, Cook and more who are going to perform some real gridiron work this fall. Every night you can see them out kicking, (the ball) throwing, (the ball) and running (with the ball) and often you are able to see a scrimmage or two. Mike and Andy are usually against each other out on the field too. It's either Hay, get Andy, or Hay, You! rush Mike, somebody!!

If we love mystery and adventure we must love life for life is both of these.

The Cinder Path (Ella?)

Track is the real spring sport!! This is the time of year when everyone likes to be out of doors. We find quite a few men out chasing each other around the track and trying to see just which one is the highest stepper.

This is a secret but I'll tell you if you will promise not to tell either A. R. or V. M. McMahon (this is only hearsay, however) is very much interested in the mile. Let's see how far is it from A. A. Smith's to A. Richard's???? About a mile you say??????? Oh!!

Oh! Did you hear about our C. H. S. High Stepper Myers?? He is our star pole vaulter!!

Nagle, McGrath, Oldham, Hagie, are good sprinters and by the way Oldham is 1927 track captain! Rah for Glen. McGrath and Adams are taking care of the low and high hurdles respectfully and the "weight men" are Mechem and Wright.

Oldham is also out for broad-jumping.

Our track team went to Ft. Dodge Saturday and put up a good fight in spite of the wet field and earliness of the season.

This is the result:

120 yd. high hurdles:
Adams—fourth.
220 yd. low hurdles:
McGrath—first. Time 28:5.
McGahey—fourth.

Half-mile:
Nagle—first. Time 2:11.6.

220 yd. dash:
Oldham—second.

Mile relay:
Clarion—first. Time 3:50.6.

Half-mile:
Clarion—fourth.

High jumping:
Oldham—fourth.

Discus:
Wright—second.

Clarion took second place in the meet with 24 points and Ft. Dodge first with 48 points. This is very good for the first meet of the season and we go to Algona next Saturday to win from them.

Come On Team!! We Are Back Of You!!

SCHOOL CALENDAR

Thursday, April 14:

Physics students were rushing around madly in a last effort to complete their course in magnetism.

Friday, April 15:

Pep meeting to celebrate the appearance of the sun, and then, as a minor item, the activities of the week were announced.

Boone Valley contest, track meet, and the salesmanship contest were boosted.

Clyde Burt and George Frost, U. of I. students, were C. H. S. visitors.

Saturday, April 16:

C. H. S. did remarkably well at the field meet at Ft. Dodge. The athletes from that school being the only ones who excelled our representatives.

Monday, April 18:

Last six weeks of school successfully started.

The Juniors reproduced an excellent movie which they had seen in Solberg.

Jessie Archerd, a Senior at the U. of I., was a guest of her sister Elizabeth.

The Blues won the contest.

E. Frank got to play practice on time!

Tuesday, April 19:

Report cards!

Brydon: "Mr. Johnson, how does it happen that you gave an A student D?" (We didn't record the answer.)

Junior basket social.

Final Boone Valley contest. LaVonne Bell, our representative, placed third.

Wednesday, April 20:

Assembly the fourth at which time Mr. Johnson was chosen announcer for the Inter-Class track meet.

The various track captains were also elected.

Leland M. (In Econ.): "Overproduction is possible when the manufacturers can make enough to not cover his expenses."

Swiss Bell Ringers.

Science

Did you know that:

The honey bee carries on its legs a brush, antennae cleaner, combs, pollen basket and lips. All these he uses in removing pollen from his body.

Gall wasps, the most highly developed of all gall makers, were in existence at least 25,000,000 years ago. This we know from fossils.

Forests are soil factories, climate

regulators, soil binders, water controls and of great commercial value.

The honey crop is worth \$75,000,000 annually.

Flours are brilliantly colored for the purpose of attracting certain insects.

Amber is a yellowish resin gradually hardened or fossilized into a beautiful substance, and comes from pine trees which have been buried for thousands of years. Found mostly along the Mediterranean Sea.

Scientists are now celebrating the 200th anniversary of one of the greatest scientific men, Sir Isaac Newton. He first demonstrated the motions of planets, the paths of some of the comets, the tide of the ocean and many other important discoveries. Newton died March 20, 1727 and is buried in Westminster Abbey.

If the eggs laid by all the oysters reached maturity it would be but a short while until the shells would fill the confines of the universe. One oyster lays between ten and eighteen million eggs, but, they don't all reach maturity.

Dr. Lazear, who gave his life in proving the mosquito transmission of yellow fever, is very distantly related to Professor Eaton.

Science club members be on the lookout for an announcement of the Science club picnic.

Esther Pollock.

In Commercial Law

During a heated discussion in Commercial Law class one day Mr. Eaton came in. Verlyn, Brydon and Mr. Anderson were arguing (as usual) about whether a person who was working in a store could take money in payment of a bill unless authorized to do so by the store owner.

Verlyn said that if a person was able to take in money from sales, they could receive money for bills.

Mr. Eaton said, "No, absolutely not, why Verlyn do you think that if I owed Mr. Barlow a hundred dollars and came to pay it some time when he was not there, that I could pay you? I should say not!"

Verlyn stopped arguing.

FRESHMAN NEWS

Celebrates Fifteenth Birthday

Wednesday evening, a number of friends surprised Hazel Daggett in honor of her fifteenth birthday.

The guests gathered at the home of Viola Telford and from there went to the Daggett home.

Hazel evidently had some inkling of the plan for she seemed unusually watchful that particular evening.

After the remembrances were presented all participated in a series of games. The guests then departed wishing Hazel many more happy birthdays.

Annual Inter-class Track Meet

This year we will again hold an inter-class track meet. Last year the class of '26 took the meet. The seniors are now having their last chance to win a class meet, so it is to be expected that they will be more interested in this meet than any other class, and the seniors have some very good material.

Mr. Kennedy announced in assembly Wednesday that medals will be given to the winners in each event. There will be four places in each event, first counting five points, second place counting three points, and third and fourth places get two and one point respectively.

The following events will be included in the meet:

110 yard high hurdles.
One mile run.
100 yard dash.
440 yard dash.
220 yard low hurdles.
880 yard run.
Shot put.
Pole vault.
High jump.
Discus throw.
Broad jump.
220 yard dash.

The different classes have elected class captains and Mr. Johnson was chosen by the student body as official announcer. Due to the expense of giving medals, etc., there will be a small admission fee.

Any student who wishes to take part in this meet may do so but those competing must be members of the Clarion public schools.

The officials of the meet will be men who are qualified for officiating at large meets.

Everybody out! And may the best class win!

Tom Brenner Expected Home Soon

A recent report from Tom is that he is getting along fine considering the nature of his operation. He was to have returned home last Sunday evening but remained to take a few more treatments. He is expected home sometime this week.

Georgette's

The "famous players of musical novelties and Swiss Bell ringers" were the unequalled attraction at the high school Wednesday night. The company was composed of three members.

A matinee in the afternoon, mostly of popular numbers, was attended by all the students.

Before playing some of the novel instruments, the manager explained their history. This made the program both educational as well as enjoyable.

Some well known selections from operas such as "Faust" and "William Tell" were played with the Swiss Bells.

Junior Jots

Which is the wealthiest class in the high school? (See any Junior for the answer.) Thanks to the co-operation of the high school girls and the liberal bidding of the high school boys, our box supper was so successful financially that the figures in our Junior bank book have surpassed our expectations. We especially want to thank Bernice Carmichael and the boys' quartette for their good help with the entertainment.

Since we exhibited some of Myer's wonderful riding horses at the Junior assembly, we understand that they have been in great demand. We consider it quite an honor to have the use of them for the stunt.

Eugene Nagle captain of the 1927 football team has also been honored with the captaincy of the Junior track team. There are only a few Juniors out for track but it is quality not quantity that counts.

We extend our sympathy to Harold Allen in the loss of his uncle.

Play Cast Chosen

The cast was chosen by the faculty Wednesday morning and at noon the players met Mrs. Barlow. She gave them some stage pointers.

Since then the cast have put in four strong rehearsals.

Sophomore Sketches

LaVonne Bell entered the Boone Valley finals and received third place. She met exceptionally strong competition and we feel that she did splendid work.

There couldn't have been much sad news on the report cards of the Sophs for they all seem as happy as usual.

We have a good representation on the track team and hope to have as good records in that sport as we boast in others.

John McGrath says that no matter how late he gets to class he always arrives before Bud Adams.

Several very serious cases of spring fever have been located. The change of weather may help to remedy it since it is not altogether pleasant to play hookey in a snow storm.

We Seniors

In the last two issues of the "Scarlet and Black" the different classes, particularly the freshmen, have been telling what good classes they have. But we, the senior class, would like to call your attention to the fact that we have more people on the honor roll than any other class, and our class is not the largest in school. In fact we have as many on the honor roll as the Junior and Sophomore classes combined and we have twice as many honor students as the freshmen.

The other classes may laugh when they speak of the "dignified Seniors" but we're not so dumb.

Honor Roll Seniors

Bernice Bernard	AAAA
Verna Dahlgren	AABB
Raymond Hagie	ABBB
Lois Miles	BBBB
Leland Mechem	ABBB
Althea Richards	AAABB
Elizabeth Russell	AAAAB

Freshmen

Ellen Barker	AAABB
Ruth Roosevelt	ABBB
Rosie Sadoff	ABBB
Lura Swisher	AABB

Viola Telford	AAAA
Lola Thompson	AAABB

The students above on the honor roll for school work are those who have had nothing below a "B" as an average during the last six weeks period.

Spanish Club

The programs for the Spanish club have been planned for the rest of the year. Our next program will be held Monday, April 25 during class period. The topic is to be about South America. We have planned to have a short play two weeks from Monday for the program.

The pin committee is still at work at the pins but we have not found anything yet that suits both the eye and the pocketbook at the same time.

Unpatriotic

Dan's mother was baking biscuits and was told to stay until they had raised.

Dan. F. "These sure are dumb biscuits, they won't even raise when I play the Star Spangled Banner."
